12 Books, 12 Places

A reading challenge that sends you somewhere new every time.

NAME _____

YEAR _____

The goal

Read twelve books, each one set in a different place. A city, a country, a made-up kingdom, a spaceship. Your call.

The catch

A place only counts once. Your third book set in London still leaves you at one place, so pick the next one somewhere new.

Any pace

One a month gets you there in a year. Read them in any order and log each one the day you finish it.
